

NSSA SCREENEX EXHIBITOR & SPONSOR DIRECTORY

2026

AUSTRALIA'S PREMIER
SECURITY SCREEN INDUSTRY EVENT
3-4 SEPTEMBER 2026 | GOLD COAST

Building a **Better** Security Screen Industry

EXHIBITION

From product innovations and manufacturing solutions to technology, services and business support, the NSSA ScreenX Exhibition is designed to help you discover new opportunities and connect with the businesses helping to build a better security screen industry.

AMS - ALUMINIUM MACHINERY SOLUTIONS

With over 40 years of industry experience, AMS Aluminium Machinery Solutions is Australia's trusted partner for premium aluminium fabrication machinery, CNC solutions and expert support for the security screen, window, door and broader aluminium manufacturing industries.

ASSA ABLOY

The ASSA ABLOY Group is the global leader in access solutions. Every day, we help billions of people experience a more open world. ASSA ABLOY Opening Solutions leads the development within door openings and products for access solutions in homes, businesses and institutions.

AUSTRAL LOCK

For over 40 years, Austral Lock has been protecting homes with innovative locking solutions for security screen doors. Our latest is the Mode Smart Security Screen Door Lock and TriSecure Multipoint Lock Kit for automatic latching, and secure triple locking.

BUSINESS KITZ

Business Kitz is an all-in-one business compliance platform helping security screen businesses manage documents, eSigning, employees, customers and suppliers in one connected platform. NSSA members receive exclusive discounted pricing, Fair Work compliance workflows, all the standard legal templates needed to run an Australian business, and a complimentary legal health check.

COMMANDEX

CommandeX is a leading wholesale provider of security screen systems and complementary products. We are proudly a 100% Australian owned company, supplying our high quality products and services through a network of dedicated dealers across Australia.

CONSTRUCTION SKILLS QLD (CSQ)

Construction Skills Queensland (CSQ) is here to help you get the skills, training and work tickets you need. CSQ funds important courses and training to make it easier for you to update your skills or the skills of your workers. We partner with selected registered training organisations who deliver training for the building and construction industry across Queensland.

EXHIBITION

CYCLONE

Cyclone Screening has been developed with everyday Australians in mind. We consider your environment and create screening solutions against a range of pests, allergens, bush and grass fires, and the corrosive effects of our coastal lifestyle.

DECOVIEW

Security with Style.

Decoview manufactures custom, Australian made laser-cut and perforated security screen doors designed to suit any home. Combining bold decorative style with genuine security performance, every door is precision-cut, locally crafted, and tailored to complement your home's unique character.

FLEXSCREEN

For over a century, window screens barely changed. FlexScreen changed everything. The world's first flexible window screen is stronger, smarter and installs in seconds - delivering a cleaner look, lasting durability and a new standard for modern window screening.

FRONTLINE GROUP - ITHEA

ITHEA (RTO 22037), together with Frontline, supports the NSSA and wider industry through nationally recognised training in technical skills, compliance and leadership. Discover how the recently revised MSF30926 Certificate III in Shading and Security Screens can help develop your skills, your team and your business. Visit the ITHEA and Frontline team to explore your options.

GRC TOOLING

GRC Tooling is proud to attend NSSA ScreeneX 2026, bringing together Australia's Security Screen industry leaders. Visit us at exhibition stand to view our range of handheld pneumatic tooling designed to quickly and efficiently process extrusions for assembly.

GURU CORPORATION

Visit Guru Labels stand to explore our range of NSSA compliance, installation, and security screen labels. We'll also be showcasing new and improved products available through the NSSA Portal, designed to help streamline processes and support the marketing and growth of your business.

EXHIBITION

ICP PORTAL SYSTEMS

ICP Portal Systems develops software for the security screen and door industry, supporting businesses that sell custom-made, professionally measured and installed products. Its platform improves ordering, quoting and production workflows, with future expansion into other installed complex product markets.

LINCOLN SENTRY

Visit us at the Screenhouse stand to explore what's new, connect with our team and discover upcoming innovations. Be among the first to get a glimpse of Knight, a new offering exclusively brought to you by Lincoln Sentry. Proud Silver Sponsor of NSSA Screenex 2026.

MEMBER JUNGLE

Visit Renee and Leigh for a demonstration on how to make the most of the NSSA Members Portal and discover just how quick and easy it is to keep your membership profile up to date, add up to 20 team members to our profile, sign up for free online training, download the NSSA App on your phone, and so much more!

MESHTEC

Meshtec is the World's largest high-tensile stainless steel mesh manufacturer, recognised for global leadership in innovation and advanced manufacturing. Leveraging automation, robotics, patented technologies, and state-of-the-art production systems, Meshtec delivers precision-engineered solutions that set industry benchmarks for quality, performance, and reliability worldwide.

PRIVEVIEW

PriView is an Australian company pioneering one-way vision aluminium panels that deliver privacy without sacrificing light, airflow or views. Combining architectural-grade performance with fully customisable designs, PriView transforms functional barriers into premium, design-led architectural features.

PROCUREMENT AUSTRALIA

Procurement Australia helps small business through to large organisations save money through collective buying power, providing access to exclusive pricing on flights, accommodation, car hire, fuel cards, energy, insurance and more. Visit our stand to discover how membership can benefit your business.

EXHIBITION

STARLINE SECURITY

We are an Australian owned company and manufacture all our products in Australia, following nationally recognised industry standards and regulations. Our state-of-the-art portal simplifies quoting and ordering, giving your business a competitive edge. Our mission: empower dealers to sell and install screens while we handle the rest.

TOTAL HARDWARE

For over 25 years, Australian-owned Total Hardware has supplied quality window, door, security screen & glazing hardware nationwide. Local representatives, national distribution centres and industry expertise, provide innovative solutions, trusted service & comprehensive tested product ranges for trade professionals everywhere.

VIEWA

With Surface, Viewa's AI-powered visualisation tool, your customers and sales team can upload a photo of their home and see security screens, doors, and materials rendered with stunning realism in seconds - helping you close more sales, faster.

WORKING FROM HEIGHTS ASSOCIATION

The Working at Height Association of Australia (WAHA) is a not-for-profit industry association dedicated to improving safety outcomes for people exposed to height-related risks. Through industry collaboration, technical guidance, professional development and knowledge sharing, WAHA works to advance capability and safer work practices.

WORKSAFE CONNECT

WorkSafe Connect delivers practical, nationally recognised workplace health and safety training across Australia. With experienced trainers and flexible face-to-face, onsite and live online delivery, they help businesses build confidence, capability and compliance, creating safer and smarter workplaces.

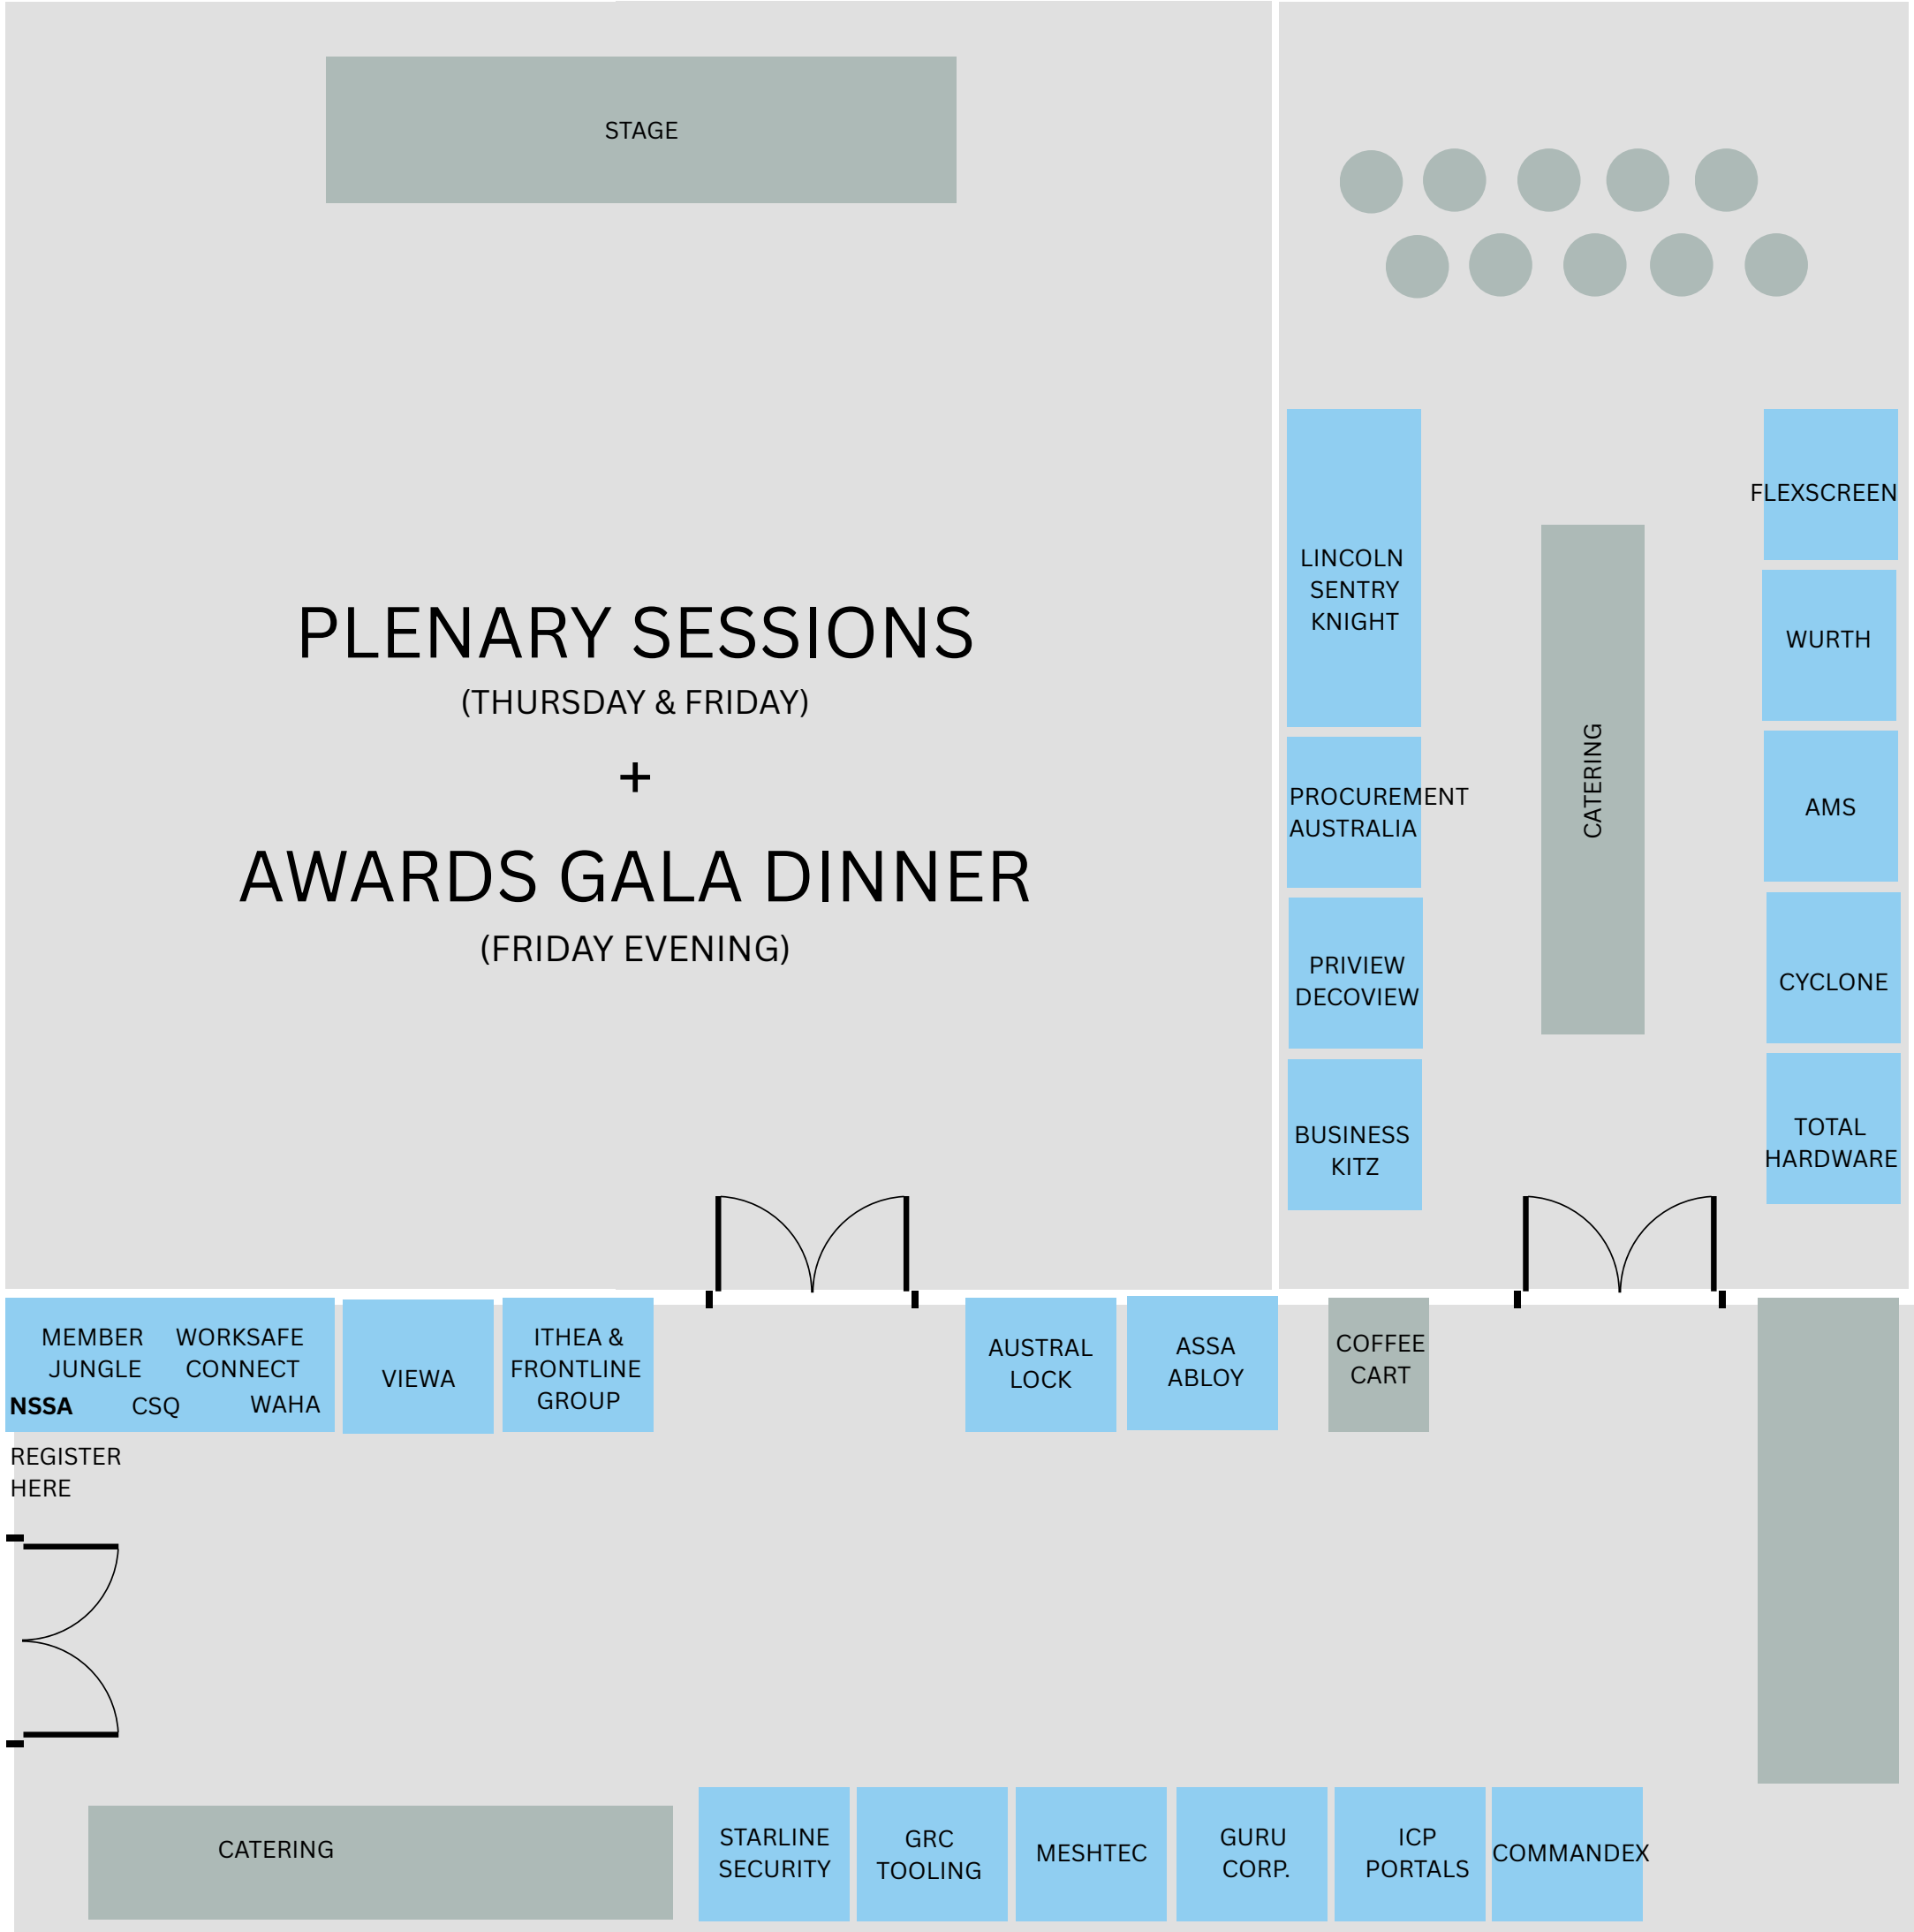

WURTH

Wurth Australia supports the security screen industry with specialist expertise, on-site service and quality products. With a unique and extensive fastener range, plus chemicals, PPE, tools and smart inventory management systems, we help businesses boost productivity, reduce downtime and keep critical parts always on hand.

MESHTEC™ Showcases Manufacturing Excellence as NSSA Industry Partner and Gold Sponsor at Screenex 2026

Meshtec - the world's largest manufacturer of high-tensile stainless steel security mesh screen, will showcase its latest innovations and technologies at Screenex 2026, as an NSSA Industry Partner and Gold Sponsor. As part of our commitment to our industry and advancing industry standards, Meshtec will conduct the industry's first live Dual-Direction Knife Shear Test on stainless steel security mesh compliant with NSSA Industry Code of Practices (ICP) at Screenex 2026.

The exclusive demonstration will showcase the importance of genuine, certified mesh, verified manufacturing processes, and testing that reflects real-world security performance — giving fabricators, and consumers greater confidence in the products they choose.

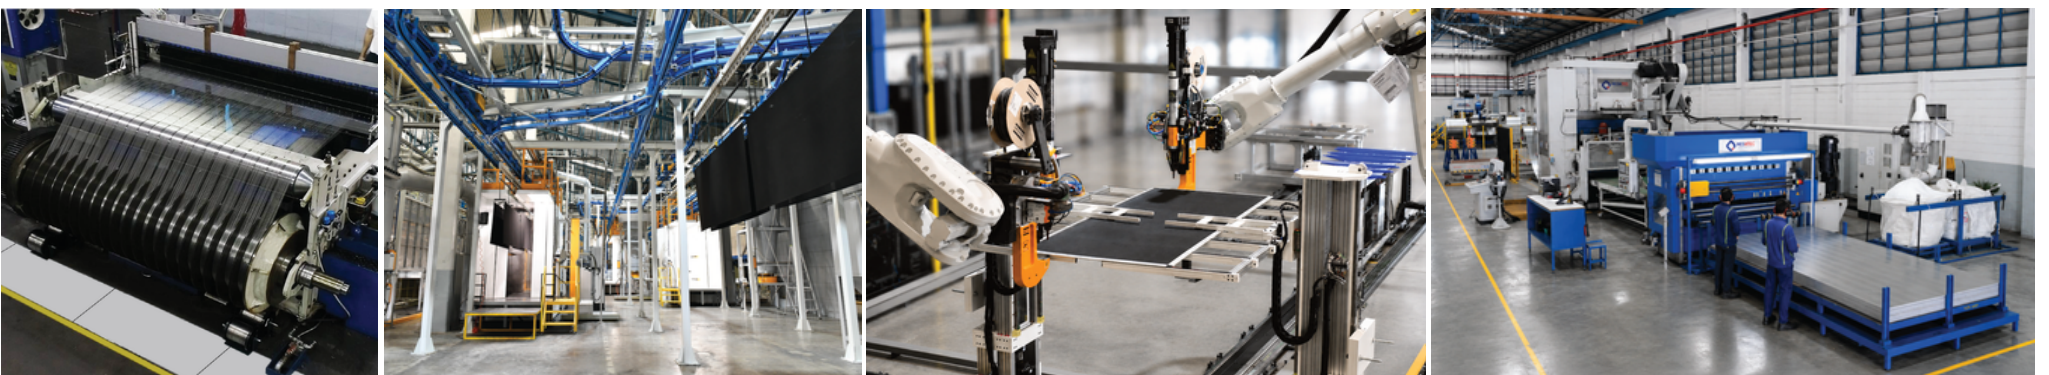

With more than 23 years, Meshtec supplies genuine high-tensile security mesh and perforated aluminium to customers in over 25 countries.

Its unique end-to-end manufacturing—from high quality raw material sourcing, incoming material inspection, and engineering design to precision mesh weaving, advanced powder coating, certified testing, and rigorous quality assurance compliant with Australian and international standards—delivers complete control and every stage of production. This ensures every product delivers consistent quality, proven performance and uncompromising reliability.

Beyond manufacturing excellence, Meshtec is driving a more sustainable future. Certified to ISO14064-1, the company has committed to reduce its CO2 emissions by 30% by 2030, through continuous investment in energy-efficient operations and responsible manufacturing practices.

Our commitment extends beyond manufacturing. We help our partners build stronger, safer and more competitive security screens through trusted quality, engineering excellence and long-term partnership.

We invite you to visit Meshtec booth at Screenex 2026 to experience our latest innovations, witness the industry's first live Dual-Direction Knife Shear Test, and connect with our engineering and manufacturing experts.
